## Calculate the Income Made

Accountants keep track of the income (money earned) and expenses (the cost of doing business). Below are receipts from the local toy store. Using the information on the receipts, add up the total income earned for the business.

Tot's Toys

Beanie Baby \$5.00  
Checkers \$3.00  
Nerf ball \$4.00  
  
Total: \$12.00
